Release Pain, Stress and Long Term Conditions Fast

THE NATURAL THERAPY SYSTEM FOR LASER-TARGETED HEALING

Forensic Healing is regarded as the deepest and most-effective healing framework to release pain, trauma and stress, fast. It answers long-standing questions regarding chronic physical, emotional and spiritual conditions and clears stubborn relationship, health and financial blocks. The founder Marisa Russo, spent decades healing from the trauma of an abusive childhood, and in the process discovered her healing gift.

Just as a detective searches for who, what, when and why clues at a crime scene, a Forensic Healer will find the clues in your energy field as to the reasons you have your condition and release it using over 90+ healing pathways.

A person's current state of health, energy, emotions, spirituality, etc., is the direct result of their past experiences (and past lives) that is stored in cells, DNA and energy fields. Just as we are what we eat, we are what we experience in our life (lives).

Accumulation of major stress, trauma or abuse will cause dysfunction in a person's life until it is healed. The body never lies, and if there is pain, stress, anxiety, tiredness, fear, grief, hurt, low self-worth, etc., the body is giving a message that healing is needed.

A Forensic Healer will investigate a client's past using biofeedback methods (similar to kinesiology) and identify the most impactful/stressful times that caused a block in the client's energy field. Then applies the most-appropriate healing pathway to release the block.

The Forensic Healing protocol as shown, is used to ensure safety, protection, and accuracy for the client to feel relaxed. It checks that all safeguards are in place for their healing.

After a therapy session, clients report feeling lighter, as if they experienced a profound cleanse of their energy field. They feel huge burdens lifted, a new sensation of wholeness and a deeper emotional/spiritual connection. It's common for a client to leave the healing session feeling less stress, less pain and less bothered about people close to them and their life circumstances.

Forensic Healing can be used for animals, babies, children, men, women and environments. It can address any condition/problem.
