

Forensic Healing: Discover the real cause behind a condition using new healing secrets

The award-winning Forensic Healing System is the product of 30 years of constant exploration and evaluation. It is the deepest and most life-changing healing experience to release pain, trauma and stress fast. And you can experience it today.

Marisa Russo - the Woman Healing Women

Originally, Marisa travelled the world looking for relief from her own never-ending pain, chronic fatigue and childhood abuse. She tried many different therapies. Sixty healing courses, and more than \$310,000 later, she found she possessed a gift.

Through clearing her own conditions, her energetic connection had grown so strong she could read a person's body to accurately determine the cause of her condition and bring relief.

After working with thousands of clients, Marisa knows the mindset, healing processes and techniques that really work to help people heal at a core level.

What is the Forensic Healing System and how does it work?

The Forensic Healing System was inspired by the approach forensic scientists use when investigating a crime scene.

Forensic Healing contains signature biofeedback method called an energy shift (ES - similar to kinesiology muscle testing) to read the body and answer questions of interest about any life problem.

Just as a detective searches for who, what, when, and why clues at a crime scene, a Forensic Healer will find the clues in your energy field to identify the reasons for your condition. Your negative life condition will then be released using one or more of the 110+ inspired healing pathways.

A person's current state of health, energy, emotions and spirituality is the direct result of their past experiences (and past lives) that embed imprints and memories in cells, DNA, and energy fields.

Just as you are what you eat, you are what you experience in your life and past lives.

Touch the World and become a Successful Alternative Therapist

The Forensic Healing System will help you transform your clients and evolve and attract the type of clients that become raving fans.

Your intuition will be magnified as you receive guidance and blessings to advance your abilities. As your understanding of universal laws grows, your success will bring increased abundance, freedom and opportunities to touch the lives of many people.

“

Wow, what a journey. Marisa, thank you, thank you. I have been healing for at least 10 years very actively, and 15 or so before that. The Forensic Healing System is one that has simplified, yet become more powerful through its purity and simplicity and gone ever so deep.

The Six Modules of the Forensic Healing System

FHS Principles teaches biofeedback methods and the Forensic Healing System structure and protocol; profiling clients, collecting and analysing evidence about a condition, reconstructing a client's story to identify the cause, reviewing evidence and a range of healing pathways.

FHS Emotions teaches techniques to release trauma, negative emotions, shock, abuse, sabotages, prolonged stress, vows, relationship cords, etc. Learn and discover how your childhood defines your adulthood and creates repeated patterns and situations to finally releasing them.

FHS Energy looks at the personal energy/meridian systems in great detail. New and targeted analysis, detailed aura/chakra scan lists and healing pathways will create opportunities to provide deep and profound healing.

FHS Spirit covers the spiritual aspects of healing including releasing and healing cellular memories, soul facets, kundalini activation, aura damage, releasing lost souls, healing soul trauma, curses, clearing negative energies, etc.

FHS Physics looks at toxicity, body systems, structural issues, hormones, hydration, disease and DNA to name a few. Learn new and powerful healing pathways to assist your health and release chronic physical conditions.

FHS Soul delves deep into the DNA to reverse and remove the intricate webbing and programming by the Cabal and other negative syndicates that have blocked and manipulated individual souls from living in a humane and free world.

“

I thought I tried it all. The best doctors, the healers, the psychologists, the system... To no avail! (For 5 yrs an ongoing rollercoaster.) One session with Marisa is all it took. My body (stomach) healed. Magic I thought...

I read the book firstly, I connected for the first time, I went to the workshop. It all made sense... These were my first steps to healing my abnormal bloats which would stop me from leaving the house (just one of the issues mind you). I met amazing woman and continued on my journey with 7 day live. I booked to heal myself. That was my initial intention.

A forensic healer I have become. The most incredible woman in the world I have met. Living laughing and finding joy again. My soul is free and alive. This I wish for you all.

Gratitude and much love I have for Marisa, as yes, it is Marisa that has diligently done the work for us..now all we have to do is do is follow this amazing forensic healing protocol. Its so easy, all you have to do is believe in yourself and allow the universe to gently guide you.

“ Since learning how to do FH for myself (and facilitate a session successfully for someone else who is suffering), my life on ALL levels is now completely unrecognizable due to the level of upgrade I’ve experienced. Since completing my FIRST FH Live 12 weeks ago, there is not a single DAY that has gone by that I don’t use is or what I learned there. Better yet, my partner who is doing the online course also uses it daily. Between us, we have helped ourselves and others change the very framework of their lives and re-frame their point of attraction in the world.

“

I wanted to share a quick information about the amazing training I had a pleasure to be a part of, 7 days Live FH training in London with Marisa Russo. It would be difficult to put in words all that has happened, and much of it was so personal I would not want to share with anyone else. All of the participants set the intentions what they want to achieve from the training, and what they want to work on during that week, and amazingly, all the healing pathways we accessed were guided by our intensions. We all got what we came for.

The healing was very intense, and I have learnt the lesson of asking for it to happen with ease and grace (lol), the energy we created as a group was so supporting and loving, and results just extraordinary. I came back from the training a new woman, secure, centred and feeling worthy. I let go of emotional toxins I held onto for decades, released all the resentment and anger, freed myself to feel, and opened to love myself.

I am transformed. Today my energy feels so much different, I feel I am unstoppable, anything is possible and the energy of my manifestation and my mind is so tangible, I can almost feel things happening. I see the things around me differently than before, I speak differently, in a more conscious way, and I stay present more. I am still working on discovering what else changed.

I know that is just a beginning of my healing journey with FH, but now I know what is possible to achieve and how to use it in a much more refined and easier way, there is no stopping me. Thank you Marisa Russo for seeing through me, and for holding the space for my healing.
